

Innovation and Entrepreneurship Cell

1. Objectives

- To organize Entrepreneurship Awareness Camps, Entrepreneurship Development Programmes, and Skill Development Programmes for students.
- To initiate innovative student projects each year for new innovative product development.
- To organize and participate Business Plan Competitions every year.
- To encourage and assist prospective entrepreneurs on various aspects such as preparing project plans, obtaining project approvals, and facilities funding from support agencies and departments, providing information on latest technologies, etc.
- To create a mentorship for interested student entrepreneurs.
- To facilitate creation of entrepreneur's club in each college to foster culture of entrepreneurship amongst student community.

2. Introduction

An IEDC faculty committee is formed to plan, execute and oversee the activities. Meetings are held to verify the outcome and supervising the activities of TEDC. Students are motivated and encouraged right from their first year, to take up suitable and simple projects of any nature and dimension. This is intended to inculcate in them, a creative bent of mind, a scientific temper and knowledge of procedures and practices, with a view to eventually molding them into thinking as well as practical engineers. The projects may be individual or group exercises. Ample opportunities are available to the students to avail themselves of extra class and lab facilities for self-improvement. Students participate in many competitions on innovation and solution finding Competitions conducted by various national institutions and industries.

3. Committee Members

S. No.	Name	Designation	Position
1	T. Kali raja	Associate Professor/ECE	Coordinator
2	M. Abhilash Kumar Reddy	Associate Professor/CSE	Co - coordinator
3	N V Reddy	Associate Professor/MBA	Member
4	Dr. Reddi Mohan Naidu Kalla	Assistant Professor/H&S	Member
5	Dr. C Raju	Assistant Professor	Member
6	Charan Kumar Reddy	Assistant Professor/ECE	Member

4. Plan of activities

Entrepreneurship awareness camp will be conducted in this academic year.

Mini project contest will be conducted in this academic year.

Encourage and guide students to participate in design contests conducted by IIITs and other Engineering Institutions.

Paper presentation for students will be conducted to expose their ideas on Technology innovation (Idea contest).

5. Entrepreneurship Initiatives:

EDC cell was established in 2010. Many students are having their own start-ups. MOU have been signed with EDI, Ahemadabad and Athiya Leadership Academy, IBM. 15 student teams participated in Yustart challenge 2015 at CII. One team won Incubation offer from NSRCEL, IIMB.

15 teams were shortlisted for Exebit 2015 Technical fest of IIT Madras. eKernel student startup was initiated on 20/01/15. Students participated AICTE sponsored Solar Urja Lamp design Contest, conducted by IIIT Bombay in September – October 2019 and they reached 2nd and final round contest.

Four students have participated in IIIT DM , Kanchipuram conducting Lithium – Ion Battery Recharge contest in November 2019. They have moved to 2nd level.

Institute's Innovation council of SV Engineering College is an MHRD Innovation Cell (MIC) approved Council for encouraging innovation thoughts among the students and implementing them through proper guidance and financial support. Five students have participated in "AICTE-Vishwakarma Awards-2019". Under AICTE sponsored Share and Mentor Institution Scheme, SV Engineering was awarded Marg darshan award.

Table 9.6.1. List of programs conducted and number of students benefited by IED cell.

S.No.	Name of the program	Date	Organized /Supported by	No of students participated
CAY (2019- 20)				
1.	A Three-day Entrepreneurship Awareness Camp (EAC) Sponsored by EDI , Ahmedabad, Gujarat, India.	14-10-2019 to 16-10-2019	IED Cell	130
2.	One day Innovation Day Celebration on the Occasion of Dr. ABJ Abdul Kalam Birth day along with mini project competition.	15- 19- 2019	IED Cell	631
3.	Solar Urja lamp Challenge contest ,AICTE sponsored, IIT, Bombay event participation.	23/8/2018 to 18/10/2019	IED Cell	10
4.	Mini Project Expo	15/10/2019	IED Cell	200
5	Lithium Ion Battery Recycling Contest - conducted by IIIT DM.	12/10/ 2019 to 28/12/2019	IED Cell	4
6	L and T Techgium contest 2019, Participation	5-12-2019	IEDE	4
CAYm1 (2018-19)				
1.	A Three-day Entrepreneurship Awareness Camp (EAC) ” Sponsored by EDI, Ahmedabad, Gujarat, India.	02 -08-2018 TO 04 -08-2018	IED Cell	123
2	Poster presentation at Engineers day program	15-9-2018	IED Cell	12
3	2 day project based training program on ethical hacking at Sri Vidyaniketan EC, Rangampet.	1-10-2018 to 2 – 10 - 2018	IED Cell	1
4	Project expo at SV Perumal college of Engineering, Puthur,	25 – 3 - 2019	IED Cell	3

CAYm2(2017-18)				
1.	Three-day Entrepreneurship Awareness Camp (EAC) , Sponsored by EDI , Ahmedabad, Gujarat, India.	20- 7- 2017 to 22 – 7-2017	IED Cell	102
2	4 days workshop on mobile application development by APSSDC	5-2-2018 to 7 – 2- 2018	IDE Cell	20
3	Poster presentation at Engineers day program at SVEC, Tirupati	3 – 2 - 2018	IDE Cell	1

Table 9.6.2. List of registered entrepreneurs through IED cell.

SN	Year	Alumni student Name	Registered company
1	2013 – 2017 batch	V. Sreeshya	The cake room
2	2013 – 2017 batch	R Abinaya	Royal candle works
3	2012 - 2016	V Vishnu Priya	Meenakshi handlooms Pvt Ltd
4	2012 - 2016	T Sravani	Graphics Printing Press card dealers
5	20121 - 2015	S Sravani -	Creative interiors – home/ office interior decorative works.
6	2011 - 2012	V Swetha	Monish retails, Chocolates manufacturing and Marketing

Shortlisted for Level 2 of AICTE SoUL Challenge.

Dear participant(s),

We are happy to inform you that you have been shortlisted for the level 2 round of selection process.

Your team number allotted is 82

For the next round of evaluation, please follow the below instructions.

1. Please make a prototype of the SoUL lamp (circuit, body or both) and test it for efficiency.
2. Make a short video of the testing process (2 or 3 minutes) and send it to us, as a link. (Google drive link or YouTube link)
3. Send us the prototype to the below address.

608, Department of Energy Science and Engineering,
IIT Powai, Mumbai-400076, India.

Please mention the Team number on the parcel.

4. The prototype should reach **IITB** on or before 13-Sept-2019.

Regards,

Team GGSY

Hackathon - IIITDM Kancheepuram - Li-ion Recycling

Hackathon 2019 <hackathon2019@iiitdm.ac.in>

20 November 2019 at 14:53

To: Hackathon <hackathon2019@iiitdm.ac.in>

Bcc: kaliraja.t@svcolleges.edu.in

Dear Participant,

Your team is selected.

The review - 1 is completed and you are requested to proceed further towards the CAD models, animation etc. You may bring two mentors along with you for the Hackathon if required.

For the next review (Tentative date : Dec 15th), you will be submitting

- (a) Plant Layout, CAD model of the Proof of Concept (PoC)
- (b) Exploded CAD models,

- (c) Animation and Automation concepts (if any) etc
- (d) Safety aspects

We will be reserving your free stay after December 15th based on your ticket proof and confirmation.

Thanks
Organizing Team

Innovation Day celebrated on 15/10/2019
conducted on 14/10/19

DST sponsored Entrepreneurship awareness camp was

Students participation certificates

AICTE-Vishwakarma Awards-2019

Form M
 [See Rule 2-A(3)/Section 4-B(3)]
Registration Certificate of Shop or Commercial Establishment

Name of the Shop or Commercial Establishment : CREATIVE INTERIORS
