**ELECTRICAL AND ELECTRONICS ENGINEERING**

Ere long intelligence—transmitted without wires—will throb through the earth like a pulse through a living organism. The wonder is that, with the present state of knowledge and the experiences gained, no attempt is being made to disturb the electrostatic or magnetic condition of the earth, and transmit, if nothing else, intelligence.

*Principal's Message*

**Dr. T.KALPA LATHA REDDY, ME, Ph.D, LMIETE, LMISTE**  
PRINCIPAL, SVEW

The Department of Electrical and electronics engineering was formed with the primary objective of providing world class education in the field of Electrical Engineering, while addressing the problems of today and tomorrow. Right from its inception, the department has been offering excellent infrastructural facilities with a variety of computing platforms to aspiring professional students to meet the burgeoning demands of the industry. The strength of the department lies in the highly motivated students who understand the dynamics of the industry and hone their skills accordingly.

*HOD's Message*

**Dr. SHAIK RAFI KIRAN, M.Tech, Ph.D, FIE, MISTE, MIAENG**  
HOD, Department of EEE, SVEW

It gives me immense pleasure to pen a few words as prologue to the in-house News Letter of the EEE department. This issue is designed to present the events that have occurred as well as technical write-ups which makes the issue resourceful and informative. I congratulate all the contributors and also the editorial board for bringing out such a nice issue.

*Happy Reading !!!!*

**Department Vision**

To prepare the learners globally competent, dynamic and multi talented young leaders with skill & knowledge in electrical and electronics engineering field with a focus on higher education, research and technical consultancy competence by imbibing social and ethical concern.

**Department Mission**

1. To prepare the learners professionally deft and adept in the field of electrical and electronics Engineering with core values and an excellent infrastructure with qualified and experienced faculty.
2. To inculcate skill, knowledge and behavior to cater the dynamic requirements in the field of electrical and electronics engineering.
3. To motivate and prepare the learners for career guidance, placements and higher education with a focus on MoUs with premier institutes and industries.
